

Miami Intermodal Center

- **Rental Car Center**
Under construction (approx. 80% complete); Opening scheduled April 2010; TIFIA loan closed August 2007.
- **MIA Mover**
County contribution to overall MIC Program; Broke ground on March 2, 2009; Substantial completion estimated September 2011.
- **Central Station**
Design completed; Notice to Proceed expected July 2010; Completion estimated Summer 2012. (Broke ground on MIC-Earlington Heights Metrorail segment on May 3, 2009)
- **Roadways**
Substantial completion March 2008; Final completion June 2009.
- **Program Expenditures**
\$884 million as of February 2009

The benefits of the MIC Program are the following:

- Provide *connectivity* for residents and visitors of Miami-Dade County and the South Florida region between various transportation systems (i.e. Tri-Rail, Metrorail, Amtrak, Metro Bus, Greyhound).
- Provide *congestion relief* to MIA and area roadways.
- Construct a 3.4 million square foot *Rental Car Center* with links to the various transportation systems.
- Provide Joint Development opportunities to support the transportation system linkage.
