On Wednesday, June 3<sup>rd</sup>, 2009, one of Fort Lauderdale-Hollywood International Airport's largest carriers, JetBlue Airways, will relocate their operations from Terminal 1 to an expanded area in Terminal 3. This move will allow JetBlue to centralize departures on one concourse and provide JetBlue international travelers convenient access to U.S. Customs and Immigration facilities. JetBlue international service from Fort Lauderdale currently includes Nassau, with Santo Domingo and Cancun service scheduled to begin June 18<sup>th</sup>. JetBlue's move to Terminal 3 gives it the capacity to grow its Fort Lauderdale route network well into the future.
